Publication of 2005 Annual Results

Eurotunnel will publish its 2005 annual results on the morning of 12 April 2006.

The second *waiver* period agreed between Eurotunnel and its creditors comes to an end on 31 March 2006. Eurotunnel reiterates that this *waiver* was to present the outline restructuring framework to creditors who were not signatories to the Memorandum of Understanding. The Group does not intend to make any further announcement at that time.
