

GETLINK & YOU

Jacques Gounon

Chairman of the Getlink Board

DEAR SHAREHOLDERS,

I hope that **a very large number of you will support your Group at the Annual General Meeting to be held on 27 May** by voting in favour of the resolutions submitted for your approval. For the management and the teams, this is a form of recognition of the tremendous work they have accomplished over the past year.

Among other things, you are being asked to vote to approve the 2025 results, the dividend that **the Board of Directors wishes to increase to €0.80 per share** and on the renewal of directors.

This letter provides you with all the useful information you may need, particularly if you choose to vote online.

Our two leading shareholders, Eiffage and Mundys, have each independently decided to increase their stakes, bringing their shareholdings to 29.4% and 25% respectively, or to 29.9% and 29.9% of the voting rights. In their disclosures to the AMF, both Eiffage and Mundys stated that at this stage they do not intend to take control of the Group and **clearly expressed their support for the strategy being implemented, as well as their confidence in the Group's potential and in its management.**

I believe that having such committed shareholders at our side is a real strength.

The Group's first-quarter revenue performance this year supports this confidence, **with an increase of 15% to €371 million.** This very strong growth is, of course, partly driven by Eleclink, whose underlying markets are benefitting from tensions in energy prices.

Eurotunnel also delivered growth of 4%. The current energy crisis resulting from the situation in the Middle East has had a limited impact on Le Shuttle and Eurostar, neither of which are dependent on oil supplies.

Europorte, whose revenue rose by 5%, continues to benefit from the strong momentum in rail freight, at a time when road hauliers are under significant pressure on their cost base.

All our teams are fully mobilised to ensure that this very positive trend continues in the coming months despite the geopolitical context, and you can rely on my personal commitment and on that of your Board.

Yours faithfully.

Jacques Gounon.
